

Selection of Mega Yachts

Following some models from our designers desk, which some of them are a little bit more in an advanced stage and needs to get now customized according to owners wishes and specifications.

It would be good to know, which style the owner likes and on which design he can identify himself best to start the customization process.

Prices are always only indications and are the "from" prices without specific options and toys and will depends on final configuration and expected final finishing and standards.

Step 1: Chose your design

Step 2: Arrange the mile stones, based on a development contract

Step 3: Final customization and construction agreement work

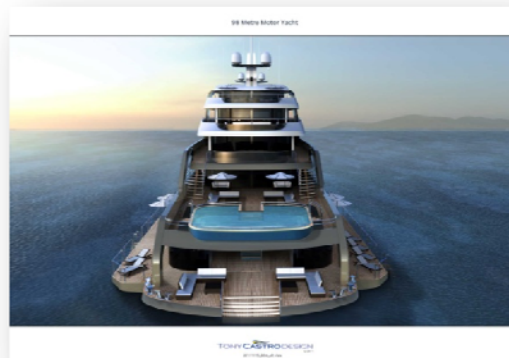

Step 4: Construction

Step 5: Handover and enjoy

Sovereign 105/125m

98m Tony Castro
